Annexe A: Organisations eligible to nominate Providers of Primary Medical Services Partner Members

All Primary Medical Services contract holders responsible for the provision of essential services to a list of registered patients within core hours within the ICB's area will be eligible to jointly nominate the Primary Care Partner Members. Eligible nominators will therefore include individuals, partnerships or corporate bodies which hold a General Medical Services, Personal Medical Services or Alternative Provider Medical Services contract, where those contracts are for the provision of essential services to a list of registered patients within core hours within North Central London (Barnet, Camden, Enfield, Haringey and Islington). The regulations specifically exclude trusts who provide such services from this definition.

The nominators will be the contract holders, rather than the individual General Practitioners or other employees of the contract holder, who may be temporary or part-time.

The current list of NCL contract holders are listed in the table below.

Borough	Practice Name
Barnet	Oak Lodge Medical Centre
